

Item: FL-AP-1LT-B-M20

Certificate: NON-HARMFULNESS

We hereby confirm that from the glass containers delivered by us no harmful particles regarding health, smell or taste according to § 31, no. 1 of law for food and utility objects (version from 8/7/93) do migrate into the product.

Our glass containers therefore satisfy all exigencies of the decree concerning utility object (version from 10/4/92) which due to this fact does not stipulate any migration limits for glass containers.

We furthermore confirm that all glass containers delivered by us correspond to hydrological class III according to DIN 719.

Opal glass corresponds to glass type III according to DAB 1996
(= *Deutsches Arzneimittelbuch, i.e. German pharmaceutical book*).

We confirm that flint glass containers delivered by us do not contain any fluorine and that the heavy metal content is less than 100 ppm.
